Who we are?

About us

In the six years of existence Merry-Go-Round has evolved from a small event agency in one of the leading marketing communications companies.

We create and implement unique projects in the field of events for private and corporate Clients, design, promotion and advertisement.

We are interested in non-standard tasks and solutions, we appreciate the Clients who trust us and do our best to make our projects fabulous, being de facto the designers of emotions.

Venue decor

Our strong side in generating creative ideas and our partners - World leading designers, architects and decorators - impersonate their unique points of view by implementing newest technologies in production and decor.

Elegant textile, tents, furniture, floral design, stage construction and unique lighting schemes - these are the basis which are utilized to create unforgettable and one-of-a-kind event.

Let's rock'n'roll

Talents
booking

«There should be someone on the stage to perform» © E. Spirina

We are the ones who make your childhood dreams come true, surprise friends and please Clients.

The word "impossible" doesn't exist in our vocabulary. Every talent can perform on our stage. And when we say "every" we mean it!

Behind the scenes,
but meaning a lot

Production

Decor production and technique

Carrying out any kind of the event needs decorations design and production, technical equipment rental, setting up, photo&video productions and the one who should manage all that staff.

And here we are to create, produce, control and taking care of everything what is happening on the stage and behind the scenes.

Unusual journeys and more...

Gastronomic tours, extreme tours, festivals, Formula 1, wine tasting...

Any person can buy the Michelin guide and circle in red three-star restaurants. But when you need more - here we are!

We advise you and book the best boutique hotels, suggest best restaurants and bars, wineries and castles, make table 1 reservation, get through 'fully booked' and neutralize the most strict face control.
